## Who we are

We are a financial investment platform focused on wealth management — providing access to thousands of funds and assets listed on major capital markets. Our coverage spans investment banking themes, stock broking, escrow, forex, gold, cryptocurrencies, ETFs, ISAs, pensions and insurance bonds, SIPPs, advisory professionals, discretionary managers, portfolio management, lifetime cash-flow modeling, and comprehensive financial planning delivered in a tax-aware way.

Specialists in financial solutions for global investors. We partner with traders and allocators worldwide, with a preference for durable relationships across market cycles — not short-term noise.

**Trust · Experience · Expertise · Knowledge**

## Our history

Calysra is a private limited liability company

established and incorporated on 18

October 2017. We have earned support from investors

worldwide through dedicated teams, proprietary technology, and a service culture of more than 72 trained staff — helping clients invest, manage assets, maintain records, access term deposits and exchange-listed instruments, and use reporting tools with high-touch support.

## Milestones

2017

Company established - 18 October

2017

Incorporated under Corporations Registration Act - 18 October

Today

Global clients · multi-market platform · 72+ trained staff

## Culture

We control the investor experience with proprietary trading technology that lets us respond quickly to markets and client needs — without reliance on external stacks for core priorities. Transparency, volume, and real-time data from leading agencies sit at the center of how we work. Since inception we have built strong relationships with equity and funding providers across acquisitions, MBOs, growth capital, replacement capital, real-estate funding, and long-term financing.

## Our standards

### Intellectual honesty

We pressure-test opportunities with rigorous, open analysis so risk and return stay in balance.

### Integrity

We say what we mean and do what we say — reputation is the core of how we operate.

### Accountability

Issues surface early. We address them with a solution-first mindset.

### Result orientation

We own delivery — high-quality outcomes, on time, with a bias toward making things work.

## Company certificate

Official company documentation. View the certificate below.

### State of California

## Inside the firm

A look at how we work — people, process, and places.

## Why choose Calysra

Clarity, access, and custody of attention when markets move fast.

### Legal company

We operate within a legal framework for investment business — structured to be clear and secure for clients.

### High reliability

Trusted by a large investor base, with ongoing investment in security and risk reduction.

### Quick withdrawal

Withdrawal requests are handled promptly once submitted, within plan and platform limits.

### Referral program

Earn referral income by introducing others — currently structured at 5% under our program terms.

### 24/7 support

Reach us by email, Telegram, WhatsApp, and live chat whenever you need assistance.

### Dedicated server

Exclusive server resources dedicated to platform performance and availability.

### SSL secured

Encrypted connections confirm that the content you see is genuine and protected in transit.

### DDoS protection

Professional mitigation keeps the site resilient against volumetric and application attacks.

### Clear process

Register, fund, and withdraw through a guided dashboard — no guesswork on next steps.

### Multi-market access

Move between forex, stocks, crypto, commodities, and alternatives from one relationship.

### Client-fund focus

Security practices, monitored infrastructure, and support built around protecting your capital journey.

## — Three steps to begin

From registration to first withdrawal, the path is intentional and straightforward.

### STEP 01

#### Create your account

Register in minutes with your email and complete a simple profile setup.

### STEP 02

#### Fund a plan

Choose an investment package that matches your capital and time horizon.

### STEP 03

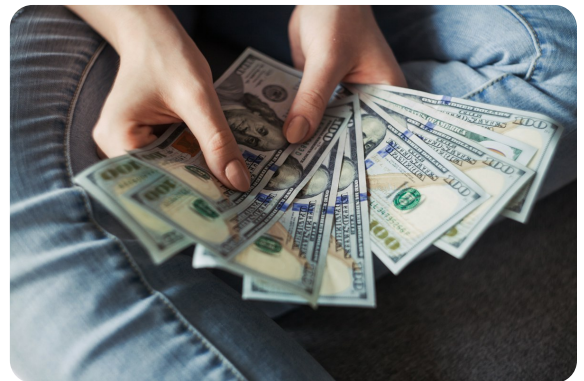

#### Withdraw returns

Request payouts to your wallet when your plan terms are met — promptly processed.

## — Investment approaches

**Your financial freedom is our measure of success.**

- We stay innovative in products and delivery
- We execute with timely attention to your requests
- We prioritize reliability in funding and withdrawals
- Primary and secondary market exposure across the Americas, Europe, Asia, and Africa
- Selective growth, buyout, and venture opportunities with disciplined risk framing
- Openness to new managers and strategies ahead of formal fundraising cycles

## Our services

- Participant of The Financial Commission fund
- Execution quality verification standards
- SSL encryption on all client sessions
- Dedicated servers and DDoS mitigation

### Referral program

Share Calysra with others and earn 5% referral income under our current program terms. Rewards are credited according to plan rules after qualified referrals invest.

## — Frequently asked questions

### How long does a withdrawal take?

Once we receive your request, we process it promptly and send funds to your provided wallet address.

### How many times can I deposit?

You may deposit as often as you like across our investment plans, subject to each plan's limits.

### How do I withdraw?

From your dashboard, open Withdraw, enter the required details, and submit. We handle the rest.

### When will my deposit appear?

Balances update once the transaction is confirmed on the relevant blockchain network.

### Can I open more than one account?

One account per client keeps records clear and support efficient. Contact us if you need guidance.

## Contact & next steps

Speak with our support team — specialists available when you need help funding, trading, or withdrawing.

### Investor card

Eligible plan holders can receive a virtual card while a physical card is mailed. Designed to bridge gaps in traditional banking access — usable wherever major cards are accepted, with a minimum balance requirement of \$5,000.
